

Throughout the world, the name ThyssenKrupp BILSTEIN is synonymous with innovation and high-tech engineering in the shock absorber market. With production facilities throughout the world, the company supplies products for the complete spectrum of damping applications. In addition, the name BILSTEIN has for many decades been closely associated with the most advanced technology in the field of suspension design, driving comfort and safety. In order to expand this position in the future, BILSTEIN became a division of ThyssenKrupp Technologies AG in 1988 and a wholly-owned subsidiary in 2005. The partnership and co-operation within the group will enable the company to continue to inspire with innovations in the traditional BILSTEIN way.

On top of this, ThyssenKrupp BILSTEIN has for many years now been a much sought-after partner in the motor sports and tuning sector. ThyssenKrupp BILSTEIN is an operative business unit in the Components Technology business area.

Northeast Modified Lites, Inc. building superior products, company integrity, and sterling customer service has been in business for more than 20 years building lightning chassis race cars in Laurel, DE. nXs have been racers since 2002 and proud to be the Ohio area Pro Chassis dealer. nXs specializing in GSXR motors, providing quality components at the lowest possible price. None for their quality GSXR harness for more than 10 years working with many of the chassis and engine builders. You will not find a better quality wire harness trim service. nXs can shorten GSXR harness for most applications which hill climbing bikes, ATV, rail buggies, razors, mini sprints, mini indy cars and more.

With room to grow nXs operations is located in N.E. Ohio in a state of the art 5000 square foot building, with capabilities to support all your machine and welding needs. With expert staffing nXs install motors and can build entire cars if needed.

We also from time to time sell other racers cars here on our web site. As you visit us and purchase from us and become a loyal customer to us we will try and give you price breaks as time goes by. Of course we cant give away things but we will try to help the loyal customer.

We have tons of car parts in stock, also GSXR 1000 motorcycles, GSXR 750 and 600 motors and bike parts for sale. Things mod lite and dwarf car racers do not use..Such as Gas tanks, forks, sub frames, fenders, rims, calipers, brakes, handle bars, lights, electrical parts and much more. Please ask us if you need any GSXR bike parts from 2002-2008.

Thank you kindly for your time and we hope to be of service in the future for any of your racing needs. Shop hours are 10:00 am to 5:00 pm EST Monday - Friday. From time to time you might catch us in the shop later. Saturdays we race and Sunday we rest and clean up after races and spend time with the family.

We are located in in the town of Hanoverton, Ohio...Our phone number is listed above. Our email is nxs_motorsports@yahoo.com and fax is 330-222-7064.

Velocity Racecars focuses on building high quality mod lites and dwarf cars. They also make all parts in house and can be bought at the track. Please contact ahead of time so they can make sure to bring what you need at the track. For questions about parts or chassis contact Jimmy: 515-205-1258, velocityracecars@ gmail.com

In 1995, AERO Race Wheels, located in Estherville, Iowa, was established by current owner F.L. "Skip" Miller on the conviction that this company and its dedicated staff could provide higher quality wheels designed specifically to endure the tough requirements and conditions of the racing industry. Most importantly, the wheels needed to be manufactured and marketed while maintaining an affordable price structure. Since then, we have become the largest premier steel racing wheel supplier and our product line speaks for itself. It's not an understatement to say that we have made our mark in the racing community in just a short time.

AERO wheels can be seen accessorizing the locals at the dirt and asphalt tracks across the nation, as well as a majority of the teams on the Sprint Cup circuit. In fact, since November 2nd

of 1997, AERO's 59 Series NASCAR wheel has won more Cup, Nationwide and Camping World Series races than all other brands combined.

We put our customers first and we appreciate the loyalty the racer's have for our company. We are willing to work with anyone who has a question or a problem. The only way to stay on top is to listen to the people putting us there. Everyone here at AERO welcomes your comments and thoughts. Thank you for using AERO Race Wheels, your support is greatly appreciated.

For more information call 888-895-2376 or contact us via e-mail info@aeroracewheel.com.

Schaeffer Racing Oils are specially formulated to reduce friction and wear, increase engine efficiency and extend the life of high performance gasoline engines, including those that are turbocharged. Our racing oils are blended from the finest high-viscosity index, solvent-refined, severely hydro-finished, 100%

paraffin base stocks available. This provides our products with:

- **Excellent Thermal Stability**
- **High Lubricity**
- **Excellent Resistance to Oxidation**
- **Excellent Film Strength**
- **Low Volatility Characteristics**

Blended into our base stocks are a highly specialized performance additive package and a proven shear stable viscosity index improver, providing our racing oils with a host of additional performance advantages.

THE OIL MEDICS WORKS WITH TRUCKERS TO IMPROVE FUEL MILEAGE AND INCREASE ENGINE LIFE. WE USE THE MOST UP TO DATE TECHNOLOGIES TO BRING YOUR TRUCK UP TO ITS FULL POTENTIAL. WE DO THE BEST TRUCK 3 AXLE ALIGNMENT IN THE STATE OF TEXAS!

Contact The Oil Medics and get special racers rates just by placing the Oil Medics logo on your car. 707 synthetic oil special \$77.04 per case, purchase five cases for free shipping.

Officials of the BILSTEIN Modified Lite STARS Championship Tour are pleased to announce the signing with Ignite Racing Fuel. Ignite is a family of ethanol blended racing fuels from NBD LLC. Ignite is 100% American and green, allowing your racer to run smoother, with additional power, increased torque, acceleration, and lower cost.

Ignite Racing Fuel President Jay Berry stated "that Ignite provides racers with the best high octane American racing fuel at competitive prices, while protecting the environment. Ignite is specifically formulated ethanol racing

fuels for various engine, fuel/air delivery systems and compression ratio combination. Unlike pump E85, Ignite fuels are consistently blended with the same ratio of ethanol to denature in every gallon.”

Ignite Racing Fuel has agreed to provide our Modified Lite STARS drivers with a reduced racers fuel cost:

55 Gal Drum 114 Octane ethanol: Retail \$230.00 or \$4.18 per gallon Plus shipping
55 Gal Drum 108 Octane ethanol: Retail \$225.00 or \$4.09 per gallon Plus Shipping

You can contact Ignite Racing Fuel at:

Today, Hoosier Racing Tire Corp. is the largest race tire manufacturer in the world and all Hoosier race tires are still proudly "Made in the USA." The company continues to be privately owned and operated by the Newton family, co-founder Joyce Newton along with many of the Newton family members remain actively involved in the day-to-day operations of Hoosier. Hoosier has grown to be one of the largest employers in Plymouth, Indiana producing over 1000 different types of race tires. The company has its own 300-mph test wheel; a technology center; state-of-the-art, fully-integrated production facilities recently adding a high-tech mixing plant, with enough capacity to produce not only for Hoosier Racing Tire, but to have the ability to produce rubber for additional entities; not to mention a model sales and distribution network in Lakeville, Indiana which others seek to emulate.

The official tire for the Modified Lite STARS Tour is the Hoosier STARS plated 205/60-13, 215/60-13 soft and 215/60-13 medium tire.

Extreme Motorsports and Eliminator Race Cars are dedicated to the building, tuning, and maintenance of high performance two and

four stroke race engines. Although you may not realize it, we are a small race shop allowing for superior customer service and support, as well as for constant innovations in that "never ending" search for performance. I will try to answer all questions and fix all problems myself. Although you may believe your case is special, you would be surprised how many other people out there have had the same questions and problems. I have been building high performance two and four stroke engines for jet skis, dirt bikes, quads, mini sprints and mod lites for 25 years, currently we tend to focus more on mod lites.

Extreme Motorsport, 2775 North Linden Ave, Zanesville, OH 43701

Ferguson www.ferguson.com is the nation's largest distributor of residential and commercial plumbing supplies and pipe, valves and fittings (PVF).

However, their expertise goes beyond plumbing. They are a diverse distributor that spans multiple businesses including HVAC/R, waterworks and industrial. In the past 63 years, they've grown from a local distributor to an \$13 billion dollar company with more than 1,400 locations and over 22,000+ associates nationwide.

Bicknell Racing Products got its start when Pete Bicknell was in High School building his first racecar as a shop project. More than 30 years later, the St. Catharines, Ontario Chassis manufacturer has

developed into the industry leader with state of the art equipment and facilities.

Pete and his wife Nancy along with partners Randy & Tracey Williamson built BRP from humble beginnings to the current location that boasts 20,000 square feet of manufacturing and retail space. Combine that with a larger Niagara Falls (NY) Retail and Warehouse location – BRP supplies Southern Ontario/Western New York customers in addition to an always growing dealer network.

Bicknell Racing Products CNC Mills and Lathes, fully equipped welding shop and CNC bending capabilities allow BRP to meet the needs of most any customer - specialize in “rush” type work for all customers from the smallest local wine producers to some of the biggest construction projects in the universe. It’s not uncommon to stop what we are doing and put 3 guys and 3 machines on a panic job for someone who is suffering from a broken part causing them costly downtime.

For further information on Bicknell Racing Products or to find a dealer near you, call Canadian Sales at 905-685-7223, Manufacturing/Machine Shop at 905-685-4291 or US Sales at 716-285-7502. Visit BRP on line at www.bicknellracingproducts.com, on Face Book or live at twitter.com/bicknellracing.
