

Ignite Racing Fuel the Official Fuel for Bilstein Modified Lite STARS International Championship Tour

SOMERSET, PA (January 2, 2015) – Officials of the BILSTEIN Modified Lite STARS Championship Tour are pleased to announce the signing with Ignite Racing Fuel. Ignite is a family of ethanol blended racing fuels from NBD LLC. Ignite is 100% American and green, allowing your racer to run smoother, with additional power, increased torque, acceleration, and lower cost.

Ignite Racing Fuel President Jay Berry stated “that Ignite provides racers with the best high octane American racing fuel at competitive prices, while protecting the environment. Ignite is specifically formulated ethanol racing fuels for various engine, fuel/air delivery systems and compression ratio combination. Unlike pump E85, Ignite fuels are consistently blended with the same ratio of ethanol to denature in every gallon.”

Ignite Racing Fuel has agreed to provide our Modified Lite STARS drivers with a reduced racers fuel cost:

The BILSTEIN Modified Lite STARS International Championship Tour is a non-profit organization formed to fill a void and restore much-needed stability to the brand of mod-lite racing. To reverse the downward trend that it was experiencing the Modified Lite STARS established stability and direction. Serving as a national sanctioning body the Modified Lite STARS International Championship Tour represents an aggressively growing segment of motor sports’ racing and is recognized as the leader in modified lite racing. In its eighth year of operation the STARS program has gained widespread acceptance with its standardized rules, sponsorship program, with the STARS model becoming the basic guide for pockets of localized modified lite racers.
