

## Steinjager, Inc. Teams with Bilstein Modified Lite STARS International Championship Tour

SOMERSET, PA (January 19, 2015) – Officials of the BILSTEIN Modified Lite STARS Championship Tour are pleased to announce the signing with Steinjager, Inc. Steinjager was founded in 2013 by principals of Midwest Control Products Corp to better serve the motorsport market with application-specific products. The new corporation is a hybrid of motorsport-savvy designer and enthusiasts, blended with fabricating personnel drawn from Midwest Control Products Corp, whose 45+ year company history of experience with manufacturing tubular fabrications, bar fabrications, push-pull cables, and spherical rod end bearings, creates a unique culture of high quality, great value cost, state-of-the art manufacturing, and customer focus.

Steinjager provides the largest and most complete offering of suspension, chassis and linkage components to the motorsport industry based on high quality, high value but competitive pricing, with four tiers of jobber and dealing pricing, offering excellent margins to resellers, while still maintaining high value for the end user. Pricing

classifications are End User, Jobber, Dealer, Warehouse Distributor, Master Warehouse Distributor.

The BILSTEIN Modified Lite STARS International Championship Tour is a non-profit organization formed to fill a void and restore much-needed stability to the brand of mod-lite racing. To reverse the downward trend that it was experiencing the Modified Lite STARS established stability and direction. Serving as a national sanctioning body the Modified Lite STARS International Championship Tour represents an aggressively growing segment of motor sports' racing and is recognized as the leader in modified lite racing. In its eighth year of operation the STARS program has gained widespread acceptance with its standardized rules, sponsorship program, with the STARS model becoming the basic guide for pockets of localized modified lite racers.
