BILSTEIN MODIFIED LITE STARS ANNOUNCE NEW COMPETITION EXECUTIVE TEAM MEMBERS

SOMERSET, PA: The Bilstein Modified Lite STARS International Championship Tour announced today two new member additions to its Competition Executive Team (CET). Comprised of STARS representatives from 12 regional race divisions throughout the country, the CET mission is to provide race teams with fair and consistent guidelines based in safety and equal competition. Now in its tenth year of operation, the STARS CET will ensure the popular dirt oval racing series maintains its high standard of integrity and member representation.

Todd Padgett, current director of the STARS Great Lakes region and president of the Indiana Mod Lite Racing League, has been selected as Director of Competition Technology and Technical Inspection. Mr. Padgett will oversee multiple STARS event functions to include inspection and officiating operations, officials training and development, and overseeing rule clarification. Mr. Padgett brings with him many years of motorsports experience into the role and will ensure Mod Lite STARS events are the most balanced and competitive in motorsports.

In addition, Tom Perkins has been selected as the Director of Public Relations for the STARS organization. Mr. Perkins has an extensive background in writing and marketing communications in addition to a passion for motorsports competition. Mr. Perkins will also be involved with STARS Racing Operations and Integrated Marketing Communications.

“From the beginning, the goal of the STARS organization was to provide modified lite teams a racing environment that was both competitive and cost effective,” said Modified Lite STARS President of Competition and Racing Operations Bill Bauer. “This will always lead to greater driver participation, racing action, and fan involvement. The addition of Todd and Tom to the Competition Executive Team will help reinforce our principles and maximize STARS potential.”

-more-

Modified Lite STARS, Inc. is a non-profit organization serving as a national sanctioning body for the Modified Lite racing class. Representing more than 350 race teams throughout North America, the Modified Lite STARS organization serves a fast-growing segment of dirt oval racing motorsports and is recognized as the leader in Modified Lite racing. In its tenth year of operation, the Bilstein Modified Lite STARS International Championship Tour has gained widespread acceptance with its standardized rules and growing sponsorship program.

The Bilstein Modified Lite STARS International Championship Tour is proudly supported by its major sponsors: BILSTEIN Shock Absorbers, Hoosier Race Tire, Aero Race Wheels, SWIFT Springs, ROD END Supply, ModLiteProject.com, NXS Motorsports, Knepper ATV Repair, PRO Race Cars, Sidewinder Chassis, Velocity Race Cars, Extreme Motorsports, Reynolds Farm Equipment, John Deer, Boyd's Garage, Sauer & Sons Construction, Chasos Motorsports, and Jokers Chassis.
